## **CORPORATE RETREATS & TEAM WELLBEING ...UNPLUG. CONNECT. COLLABORATE. CREATE.**

Within the corporate world today, everyone is busy and stressed. Added to that, more and more people are feeling isolated and disconnected from those around them despite being 'plugged-in'. Technology in the workplace has created incredible advances but it has also created an environment where we can be surrounded by people yet lack meaningful connection and social interaction.

In bringing your team to Renvyle House we offer the antidote to that busy office environment. Reconnect at Renvyle – with yourself, with your colleagues, with nature. We can arrange all kinds of activities on our grounds from fly-fishing, hands on in the herb garden, cookery demonstrations, clay pigeon shooting and story- telling sessions. We can provide mindfulness, meditation and yoga coaching with a fully qualified instructor to teach you how to wind-down both mentally and physically at the end of a busy day.

## REST AND RELAXATION

Renvyle House was rebuilt in the Arts & Crafts style of the 1920's after being burnt down during the Irish Civil War. It is considered a building of architectural importance.

The 70 bedrooms vary in size and style but all are in keeping with the features of the historic house. The characteristics are simple, clean lines and the use of solid Irish oak and locally woven fabrics are apparent throughout.

In the public areas and lounges in the hotel there are a number of fireside seats to relax beside. It gives your group a great opportunity to unwind, chat and catch up with each other at the end of a busy day.
